—The World to-night.

—Eight prisoners are now confined in the county jail.

—Don't let the element keep you from church to-morrow.

—The regular meeting of the common council will be held on Monday evening.

—The Royal Arch Masons will hold a special meeting this evening. Work, royal arch.

—There will be two through passenger trains to and from Mineral Point, on and after Monday, Nov. 20.

—Workmen are busy to-day cleaning the court house park of the accumulated rubbish of the fall months.

—A photograph from life of Mrs. Langtry can be seen in the window of Prentice & Evenson, druggists. It is Sarony's, and of course a beauty.

—City Clerk Church has figured the state and county tax apportioned to the city, at forty-two cents on a hundred dollars assessment.

—The daily meetings of the Y. M. C. A. this week, have been well attended, and were all of a very interesting character.

—To-day closes the week of prayer.

—Considerable grain was brought to market to-day, most of which was barley.

—The farmers are seemingly anxious to dispose of their crop at this time.

—M. C. Smith, at the New York cash store, has some special bargains in the line of flannel goods, which he makes known to the people in this evening's Gazette.

—The social party of the guards at their armory, last evening, passed off very pleasantly, and all who were fortunate enough to be present were well pleased with the social.

—Aside from disposing of Joe Cook's case, there was nothing done in the municipal court to-day. Joe's case was called late this afternoon, and we are without the findings.

—Three red heifers and two steers were put into the city pound on Nov. 16th, and Dr. C. L. Martin, the pound master, wishes the owner to call, pay charges and take them away.

—Captain McKinley, of our police force, unfortunately lost his new uniform cap in the river yesterday. It was recovered soon after, but not until it had received a thorough wetting.

—The Rev. Father Breuners, of Denver, Colorado, will give a lecture in St. Patrick's church, to-morrow evening, on "The true church of Christ." A cordial invitation is extended to all.

—Mr. H. A. Skavlen, who has been the turnkey at the county jail during the term of Sheriff H. L. Skavlen, his cousin, has leased the house of Mr. Heinrich on North Main street, and has taken possession of the same.

—"The World" combination are quartered at the Myers house. This will be an attractive entertainment, full of interest, beautiful scenery, and thrilling situations. There will be a large audience at the opera house this evening.

—Joe Cook was on another of his noisy drunken escapades, and the officers were compelled to put him in safe quarters at the jail. Those who have heretofore entertained hopes that Joe would brace up and be a man, have lost pretty much all sympathy for him.

—Mr. and Mrs. G. M. Hancock entertained about one hundred of their friends last night, at their residence in the fourth ward. There was a most cordial greeting for everyone, and abundant refreshments served in the most elegant manner, were among the pleasant features of the party.

—County Clerk Morgan, to-day, finished making out the orders on the county treasurer, authorized by the late meeting of the county board of supervisors, and on Monday they will be ornamented by having the autograph of the chairman attached, when they will be ready for delivery to all claimants entitled to receive county funds.

—The report that another one of Mr. Scott's children died last night is untrue. The baby, the one that was so low, is to-day a great deal better, takes its nourishment readily, and the doctor says the indications are that it will speedily recover. The condition of the other two sick ones is also greatly improved, and they will recover. The other children are well.

—On next Wednesday evening, engine company No. 2, of this city, will have a little "conversation" with the fire boys of Rockford, by telephone. The boys here will entertain the Rockford boys by music and singing, also by "hitching up." Word has been sent to the Rockford boys, and it is expected they will have something of the same kind at their end of the line.

—A visit to Prof. Severance's dancing school is an interesting experience, to an old head—especially to one so old that he has nearly forgotten that he was ever young himself, and has no particular expectations of future youthfulness, either, so long as the new and not the old days will come in spite of him. What a vast amount of patience and amiability the professor must possess, anyway, to bring ease and gracefulness out of so much stiff-jointed, teetering awkwardness. He does it, and therein lies his great superiority as a teacher. And the children, big and little, do improve very rapidly, and therein lies the value of such instruction. There have been but four or five lessons, and already nearly all the little ones and a fair proportion of the larger pupils can readily distinguish their left foot from the right, and all but three or four admit by their actions that the Professor knows more about the business than they do. This is very rapid advancement, and particularly gratifying to parents and instructor. As yet considerable backwardness and awkwardness is displayed by the young lads in fairly grasping the subject, but this will wear off as they a little older grow, and then their zeal in this direction will more than compensate for present diffidence. Of course will. This peculiarity is not so noticeable among the young misses. But—the professor has a

large class, and all are rapidly acquiring that self-possession and gracefulness of movement so pleasing and so necessary to meet the requirements of society.—Beloit Free Press.

—The friends of Mr. C. E. Snow gave him a pleasant surprise last evening, at his home in the fourth ward, and spent a pleasant hour in social doings. Mr. Snow departed from the city this morning for Miller, Dakota, where he has accepted a position in the telegraph office with Mr. Stearns, formerly of this city. Mr. Snow's many friends here will wish him continued prosperity in his new home.

THE GREAT SPECTACLE.

The Black Crook as revived in this country by Kiraly brothers, is one of the grandest spectacles in the country. It is now on a triumphant tour from the lakes to the gulf, and presents more attractions than any other show on the road. The most artistic dancer in America, Mlle Marie Bonfanti, is with the company, and twenty bewitching coryphees, under the supervision of the renowned dancing master Mr. Novissimo, will add interest to the performance. The wonderful prismatic fountain, and the transformation scene, the perfection of mechanical skill, are wonderful spectacles, and pleasing beyond all conception. The bewildering and enchanting march de Amazons, by 20 beautiful ladies attired in gorgeous and glittering armor, is also a prominent feature of the entertainment. The performance is refined in all respects and obste in every particular, and ladies should not fail to attend. The Black Crook will exhibit two nights—Friday and Saturday of next week.

PUTTING IN THE PIPE.

"Frank P. Warner came into our store to purchase a sample bottle of Zepesa for a friend, and stated that he (Mr. Warner) was afflicted with kidney and liver troubles for five years, and had paid \$200 or \$300 doctor's bills, and has now been completely cured by the use of two large bottles of one sample bottle of Zepesa. He was so bad at one time that he lost 37 pounds of flesh, but after using Zepesa claims that he is a sound man, and now weighs 145 pounds. He was loud in his praise, and readily consented to allow us to use his name for reference.

Again, Mrs. Forbes, wife of Mr. R. G. Forbes, of Alton, Ill., through Mr. C. Thompson, druggist, says: "She was ailing for years with Biliousness and Dyspepsia and was reduced to a mere skeleton, but through the use of Zepesa entirely recovered and has gained 33 pounds."

We could present very many such, but have not the time nor space. Zepesa is not a cure-all, but acts directly upon the liver, kidneys, and stomach, correcting the digestion, giving activity to the liver and health to the urine. This corrects the whole system and the blood becomes pure. Sold by Prentice & Evenson.

Tennyson's "May Queen."

Who knows that if the beautiful girl who died so young had been blessed with Dr. Pierce's "Favorite Prescription" she might have reigned for many another bright May-day. The "Favorite Prescription" is a certain cure for all those disorders to which females are liable. By druggists.

People wishing their teeth to look white, use "FRANKLIN'S" daily—at morning, at night, it sweetens the breath and renders the gums healthy and the beauty of the teeth is preserved. Sold by Prentice & Evenson.

THE FREE DELIVERY.

The Machinery for the Free Delivery of Mails in Cities Like Janesville.

In the hopes that Janesville will in the near future be blessed with the free mail delivery system, we reproduce an article from the South Bend Tribune, which explains the machinery of the system in that city. South Bend having about the same population of our city, 10,000, it may not be long, with proper agitation, ere the same system is adopted in this city. The Tribune says:

Postmaster Pfleger and his assistants are at present actively engaged preparing for the introduction of the free delivery of mails system in this city, which event occurs on the first of December. From a list of nearly 200 applicants for carriers' positions, the following have been appointed: Charles M. George, S. C. Lantz, S. U. Waldo, P. S. Mulligan, John Jesmer, Herman Culver. Mr. George is superintendent, and will attend to the distribution of mail to the carriers. Waldo's district will be in the business part of the city, Mulligan's in the western part, Lantz in the fourth ward, Jesmer in the southern part, and Culver in the northern part. Culver's district will be in the business part of the city, Mulligan's in the western part, Lantz in the fourth ward, Jesmer in the southern part, and Culver in the northern part.

There will be four delivery routes in the morning for a quick delivery to business men; another at 8 o'clock, extending farther out into the residence portion, and a general delivery at 1 o'clock in the afternoon over the entire city, and still another for the business part at 5 o'clock in the afternoon. The newly appointed carriers begin this week to acquaint themselves with their routes by calling on the citizens, getting the names and numbers of the houses. The carriers selected are all old residents of the city, are active and reliable, and well qualified for the position. Their salary is \$400 a year each. They will be uniformed in gray, the regulation dress of the service. Postmaster Pfleger is preparing to remodel the interior of the post-office for the accommodation of the free delivery system, each carrier to be provided with a desk and pigeon holes for the arrangement of his mail. On Sunday mornings the carriers will be at the post-office to deliver mail to the parties who live along their respective routes.
